RE: Development of a Municipal Federal Energy Stimulus Toolkit by a  
Connecticut Energy Efficiency and Clean Energy Working Group

Dear Senator Harp, Representative Geragosian, and Members of the  
Appropriations Committee,

Any help you can give in order to assist Connecticut cities and towns  
make the most of Federal Energy Stimulus Funding would be most  
appreciated.

We are eager to get to work but have to a large extent been stymied by  
not knowing how to proceed.

Toward that end, we fully support the CT Energy Efficiency  
Alliance's call to immediately establish a Connecticut Energy Efficiency and  
Clean Energy Working Group that would develop an application toolkit to  
assist towns.

Sincerely,

Andy Bauer
